

AI LIANCE HOSE & EXTRUSIONS INC.

# CAC Hoses

Silicone hose for turbochargers with aramid reinforcement to withstand high temperatures and pressure. Specially recommended in heavy duty turbocharger systems.

The assembling of the external stainless steel rings guarantees the axial flexibility of the tubing under pressure, absorbing vibration between connected parts, reducing tension and noise.

Our products have great resistance to ozone, thermal aging and oxidizing agents. They are not recommended for transporting abrasive particles.

## Construction
